

December 2017

Crown Hills Community College

School Expansion Update & Open Meeting

Further to the installation of temporary classroom accommodation over the summer, plans are now developing for the permanent expansion. This will involve new school accommodation being built on the school site.

The Planning Application drawings for the permanent expansion are due to be submitted by the Architects during week commencing the 11 December 2017.

Shortly afterwards the full Planning Application will be advertised by Leicester City Council Planning Authority and the plans will be available for viewing on the Council website.

In addition to this the School is holding an Open Meeting for our neighbours and those who wish to find out more about the plans. This will be on Thursday 14 December 2017 from 4.00pm to 5.30pm at the School.

You are very welcome to attend this event. Otherwise, if you wish to make comment, you will be able to do so directly with the Planning Authority, after the plans have been publicised and during the statutory consultation period.

The build is unlikely to start any earlier than the summer 2018.

We look forward to seeing you at the Open Meeting, if you can to make it.

Thank you

Dean Barnett
