Anti-Litter Policy

Rights

The students of our school have the right to learn in a clean and healthy environment.

It is our goal to create a litter free environment.

We should recycle waste wherever possible.

We should see these aims as applying beyond the school gate, to the area around the school.

All members of the school have the right to suggest ways to improve the school environment.

We do have litter blowing into our school grounds and being left by thoughtless people using our school grounds at the weekend, therefore the collective responsibilities are listed below.

Responsibilities

All members of the school community have a responsibility:

- * not to drop litter.
- * to pick up litter which is lying around.
- * to use recycling bins whenever possible.
- * to assist the School Site Team in maintaining a clean site.

Staff have a collective responsibility:

- * to support students and help them deal with litter problems.
- * to use the recycling crates for all paper.
- * to educate pupils on the consequences of dropping litter.
